

North Pacific Expeditions

Packing List

*** Please pack wisely as space is limited aboard the vessel ***

Dress onboard is casual, comfortable and practical. Lightweight, non-cotton layers are the key to your warmth and comfort! Please plan for wet and dry weather conditions with temperatures ranging between 30 and 75F (-1 and 24C).

Clothes:

- Casual pants and shorts (khakis, sweat pants, trail pants)
- Long and short sleeve shirts for layering
- Sweatshirts, sweaters, fleeces for warmth
- Sleepwear (consider items for public lounging)
- Waterproof jacket/rain gear, including pants
- Light-weight hiking boots or hiking shoes
- Slippers/other indoor shoes for lounging inside *Sea Star*
- Hat, gloves, knit cap, and multiple pairs of warm socks
- Swimsuit for those interested in doing the Alaska “polar plunge”

Items to bring:

- Travel Documents – passport/visas, reservation confirmation, insurance policy/information, etc.
- Duffel Bag - collapsible soft sided (please, **no hard suitcases** – storage is very limited)
- Personal Toiletries – please consider fragrance free items for everyone’s comfort
- Hand sanitizer
- Sunscreen/Sunblock – recommend non-oil based
- Insect Repellent – recommend DEET-based for skin and Permethrin for clothing/gear
- Lip Protection and Hand Lotion
- Sunglasses and Ball Cap
- Eye Mask – the sun sets late during an Alaska summer
- Earplugs – we are a quiet boat (no generator sound at night!) but there are still natural “boat noises”
- Seasickness Medication – suggested for ALL guests (please ask for recommended types)
- Personal medications – please bring extra to ensure proper coverage
- Water Bottle – our water is potable and we also provide a filtered water dispenser
- Camera with memory cards/batteries/chargers/adaptors

North Pacific Expeditions

Packing List

- Small Backpack - for use during beach combing and hiking
- Binoculars with lanyard for safety
- Reading Material – including your favorite Alaska material!
- Pen and Paper
- Favorite Snacks/Gum

Consider leaving these items at home (it's an adventure after all!):

- Hair dryers
- Electronic toothbrushes
- Other non-critical electronic devices

NOTE 1: Cotton shirts/undershirts are great for sightseeing, relaxing and dining on board but do not work well for activities requiring physical exertion. They also do not block wind. We recommend quick dry fabrics/clothes, wool and other such cold weather clothing that can be layered to keep you comfortable, warm and dry.

NOTE 2: We do not have a washer/dryer available for use onboard.

NOTE 3: Because we are a “quiet boat” and do not run the generator at night, we are not able to provide any power outlets for charging devices overnight. Please plan accordingly.
