

NORTH PACIFIC EXPEDITIONS

Passenger Information Form

Each client that books and participates as a passenger with North Pacific Expeditions (NPE) is requested to fill out a Passenger Information form. This form provides NPE with important information so that we can accommodate special dietary needs and/or take the best course of action should a medical emergency occur. It also includes an acknowledgement of NPE's **Terms and Conditions**, **Passenger Activity Risk Statement** and **COVID-19 Guidance** (documents sent separately).

NPE respectfully asks that the information provided, while entirely optional, is as complete and as thorough as possible. All information provided will remain confidential.

Medical Information*

NPE operates in backcountry locations that are remote and well-isolated from hospitals, doctors and other emergency services. Although there are crew on board with Wilderness First Responder or CPR/First Aid training as required by the U.S. Coast Guard, being in these remote and isolated areas introduces unique challenges for an evacuation to a medical facility that can become complicated, lengthy and expensive given these circumstances. Informing NPE of pre-existing medical and/or health-type conditions helps us to get you the medical or health treatment you may need within a reasonable amount of time. We do carry an Automated External Defibrillator (AED) onboard.

***Note:** Used to relay important information to U.S. Coast Guard and/or other emergency service personnel on land if required.
